

Identification Services Bureau
The Government of the Macao Special Administrative Region

Form : DSI-52-G

Photograph Specifications (applicable to Macao SAR resident identity card and travel document)

1. A recent, colour, bare-headed and full-faced photograph.
2. Dimensions of the photograph must be 45mm (1.5 inches) high by 35mm wide.
Photograph must be taken in plain white background without margin.
3. The portrait must be clear and well defined.
4. No effect lenses are allowed.
5. The portrait must not be retouched to alter the natural appearance of the applicant, such as moles or scar and so on.
6. The photograph must be full-faced and show the facial features of the applicant clearly.
7. Head coverings are not allowed and heavy make-up, camisoles or tube-tops should be avoided when taking photograph.
8. To show full face, exaggerated accessories should be avoided when taking photograph.

Note: to avoid possible impact on the usage of the identity document, an additional photo may be required for the application with a substandard photo.

Following photographs will be rejected :

- Eyes or facial features are covered by the frame of glasses
(applicant should avoid wear thick and heavy black or white frames).
- Hair in front of eyes or eyebrows.
- Wearing colored contact lenses or contact lenses with iris enlarging effect
(commonly known as "Big eye contact lenses").
- There is reflection or glare on the face or glasses.
- There is shadow.
- Overexposed.
- Underexposed.
- The photograph has been used for application 2 years back.
