

Notice for Choosing to Use the Live-captured Photo as the Card Face Photo of the Macao SAR Resident Identity Card

If you choose to use the live-captured photo as the card face photo of the resident identity card and the image result or the quality of the live-captured photo is found to be unsatisfactory after the examination process in the back office, this bureau will inform you to submit a supplementary photo so as to ensure that the quality of the Macao SAR Resident Identity Card complies with the international standard. We are grateful for your understanding if there is any inconvenience caused. (Photo specifications: a recent, color, bare-headed and full-faced photo of one and a half inch in white background without white border.)
