

## Press Release

2016-12-29

### Identification Services Bureau service counters add electronic payment methods

To be in line with the development of the electronic administration of the Special Administrative Region Government, the Identification Services Bureau continuously introduces different electronic services and measures to simplify administration procedures. Starting from 29 December 2016, all service counters of the Identification Services Bureau accept citizens to pay application fees with UnionPay QuickPass and Macao Pass, which will provide greater convenience for citizens when making payment.

Citizens can use the above-mentioned electronic payment tools to pay application fees at the service counters of the Identification Services Bureau at the China Plaza in Praia Grande and the designated counters of the Identification Services Bureau at the Government Services Center in Areia Preta. Furthermore, in order to achieve the whole self-service process to be done electronically, the Identification Services Bureau will add other electronic payment methods to self-service kiosk, so as to provide more convenient electronic services to citizens.
