

## **Press Release**

**2018-10-16**

### **Contact information modification service is extended to Marine and Water Bureau**

The Identification Services Bureau (DSI) cooperates with the Marine and Water Bureau (DSAMA) to extend the coverage of contact information modification service. Starting from today (16<sup>th</sup> October 2018), residents are able to update their address and contact information at various government departments at one time, covering the Marine and Water Bureau, the Social Security Fund and the Pension Fund.

The service can be conducted at the integrated self-service kiosks. Once applicants update their contact information of their resident identity card record and authorize DSI to transfer relevant data, the new contact will be provided to DSAMA for the use of updating the information related to maritime registration for ships, seaman registration and pleasure boat driver licence.

The operation of the self-service kiosk is simple and convenient. Eligible applicants are required to follow the system instructions to verify their identity with the electronic identity card, input information and provide mobile phone number in Macao to complete the application. After successful submission, the application will be handled within three working days after the date of application.

At present, there are 70 integrated self-service kiosks in 44 locations in Macao, Taipa and Coloane, providing self-services of 10 government departments. For details of the function and location of the self-service kiosk, please visit DSI's website ([www.dsi.gov.mo/kiosk\\_e.jsp](http://www.dsi.gov.mo/kiosk_e.jsp)).

Citizens are able to update contact information at various government departments at one-time via the self-service kiosk
