DSI launched the transfer service for Certificate of Association and Foundation

To be in line with the SAR Government's "one stop service" policy, the Identification Services Bureau (DSI) launched the transfer service for Certificate of Association and Foundation on 5 August 2019. Through the collaboration amongst departments, this service will further optimise the public administrative formalities and department's administration efficiency.

The participated departments include Macao Foundation and Municipal Affairs Bureau. With applicants' authorisation, DSI will send their Certificate of Association and Foundation to designated department when the certificate is applied for the purpose of subsidy application to the Macao Foundation and for application for licence or permit to the Municipal Affairs Bureau. It is not necessary for applicants to spend extra time to pick up the certificate at DSI.

For details, please visit DSI's website: www.dsi.gov.mo and please call 2837-0777 or 2837-0888 for enquiries.
